### Junior Achievement of the Space Coast Mission Statement

“To inspire and prepare young people in Brevard County to succeed in a global economy”

### What is Junior Achievement of the Space Coast?

Contemporary, relevant and fun! Our purpose is to educate and inspire young people in Brevard to value free enterprise, understand business and economics and be workforce ready.

### What does Junior Achievement of the Space Coast do?

A boost to student learning! By partnering business and education, JA recruits volunteers to facilitate economics-oriented lessons for students in K-12. Through hands-on activities, volunteers become role models, presenting life concepts through their own experiences.

### How does Junior Achievement of the Space Coast work?

With a partnership approach to education, JA secures the funding and recruits the volunteers to provide core programs to elementary, middle and High school students each year. Corporations, individuals, foundations and others, contribute financial and volunteer resources. The three-way partnership between businesses, students and teachers make it a winning combination!

### Become involved today!
